

UC-CX100-T-WM

Crestron Flex Advanced Video Conference System Integrator Kit with a Wall Mounted Control Interface for Microsoft Teams® Rooms

- *Conferencing integration solution for Microsoft Teams® Rooms software*
- *Present, call, conference, and collaborate using your own device's UC conference platform (BYOD) or the native Microsoft Teams Rooms platform*
- *Native Microsoft Teams Rooms touch screen UI provides a consistent user experience with simple operation and one-touch meeting joins*
- *Complete kit contains a 10.1 in. touch screen, UC Presentation Transmitter, and UC Bracket Assembly*
- *Optional integration with Crestron® control systems*
- *Direct connection option between UC Engine and touch screen for simple installation and configuration*
- *Network management and provisioning, system alerts, and the pairing of the touch screen to the system's UC Engine through the XiO Cloud® service*
- *Premium-level support with Crestron Flex Care (optional)*
- *Enterprise-grade security - connects and communicates securely over any enterprise or SMB network*

The Crestron Flex UC-CX100-T-WM system provides a customizable conference room solution for use with the Microsoft Teams Rooms intelligent communications platform. It supports single or dual video displays¹ and features a 10.1 in. wall mount touch screen (TSW-1070-B-S-T-V) and UC Bracket Assembly (UC-BRKT-260-P-T-ASSY).

Native Microsoft Teams® Rooms Experience

The UC-CX100-T-WM system brings the full Microsoft Teams Rooms UC experience to any meeting space in an enterprise or SMB facility, whether implementing a cloud based Microsoft Teams Rooms deployment, on-premises Skype® for Business software, or a hybrid of the two.

Custom Room Integration

The UC-CX100-T-WM system provides the essential components needed to design a fully custom video conferencing space using your choice of display devices, cameras, speakers, microphones, and other AV equipment. Any Microsoft Teams software compliant USB camera and USB audio conferencing interface (or speakerphone) may be used.

Intuitive User Interface

With a large 10.1 in. (257 mm) capacitive touch screen display, the Crestron® wall mount touch screen (TSW-1070-B-S-T-V) provides superior conferencing control in meeting rooms, huddle spaces, and executive offices. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.²

Simplified Deployment

The UC Bracket Assembly (UC-BRKT-260-P-T-ASSY) provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.³

Wall Mount Options

Using the bracket provided, the TSW-1070 is easily installed over a 2-gang or 3-gang US electrical box, or a 2-gang European or UK electrical box. A security latch option is included to deter unauthorized removal of the touch screen.

Crestron Control System Integration

The UC-CX100-T-WM can integrate with a Crestron control system to enable touch screen control of room lighting, motorized window shades, climate control, AV, and other amenities.²

Bring Your Own Device (BYOD)

Conference room visitors can connect their laptop to the Crestron Flex system to use their own UC conference platform. The UC Presentation Transmitter (UC-PR) switches to the connected laptop's UC platform and returns to the native Microsoft Teams Rooms platform when disconnected.

UC-CX100-T-WM

Crestron Flex Advanced Video Conference System Integrator Kit with a Wall Mounted Control Interface for Microsoft Teams® Rooms

Enterprise-Grade Security

Crestron Flex is an enterprise-grade solution, engineered in partnership with Microsoft® to integrate seamlessly into any Microsoft Teams Rooms software deployment. Crestron Flex is ideally equipped for mass deployment throughout any sized corporate, university, medical, military, or government facility.

Easy Provisioning and Device Management

The XiO Cloud service⁴ is an IoT cloud based provisioning service that enables installers and IT managers to easily deploy and manage thousands of devices. The XiO Cloud service allows for system alerts, network management and provisioning, and the pairing of a control device to the system's UC Engine. System updates are controlled by Windows® software update.

Visit www.crestron.com/xiocloud for additional information.

Premium-Level Support

Crestron Flex Care is an optional subscription service that automatically renews annually, providing 24/7 live remote technical support, an extended five year warranty on Crestron® hardware, expedited advance replacements, and a discounted rate for on-site support.

Visit www.crestron.com/flexcare for additional information.

Dual Control Option

An additional TS- or TSW- series 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment.^{2,3}

100 Mbps, auto switching, auto negotiating, auto discovery, full/half duplex, TCP/IP, UDP/IP, CIP, DHCP, SSL, TLS, SSH, SFTP (SSH File Transfer Protocol), IEEE 802.1X, SNMP, IPv4 or IPv6, Active Directory® service authentication, HTTPS web browser setup, XiO Cloud® client, IEEE 802.3at compliant

UC-CX100-T-WM

Crestron Flex Advanced Video Conference System Integrator Kit with a Wall Mounted Control Interface for Microsoft Teams® Rooms

Power over Ethernet	IEEE 802.3at Type 2 compliant PoE+ PD (Powered Device); Normally requests 15 W from an 802.3at Type 2 PSE with LLDP advanced power management; With room scheduling and USB enabled, requests 18 W from an 802.3at Type 2 PSE with LLDP; Requests 30 W (PoE+ Class 4) from an 802.3at Type 2 PSE without LLDP; Requests 15.4 W (PoE Class 0) from an 802.3af (or 802.3at Type 1) PSE	Mounting	Surface wall mount behind the display device, or attach to the rear of the display device via the bolts attaching the display to a VESA® compliant display mount; Bracket includes mounting holes on both side edges, spaced 100, 200, and 300 mm vertically, to allow for attachment to either side of the display mounting plate
Power	Powered via PoE passthrough on the UC-PR	Dimensions	Height: 15.00 in. (381 mm) Width: 14.50 in. (368 mm) Depth: 1.72 in. (44 mm)
Construction	Plastic, smooth black finish, edge-to-edge glass with black surround	UC Presentation Transmitter	
Dimensions	Height: 5.87 in. (149 mm) Width: 9.46 in. (240 mm) Depth: 2.01 in. (51 mm) Dimensions do not include mounting bracket or add-on accessories	Video Input Signal Types	HDMI, DisplayPort 1.2 via USB Type-C® port
Weight	1.61 lb (730 g)	Video Output Signal Types	HDMI over CAT5
UC Bracket Assembly		Resolution	1080p
Mini PC	Intel Core® processor with Windows® 10 IOT Edition OS and 100/1000 Mbps Ethernet connectivity	Video Content Protection	HDCP 1.4 and HDCP 2.2
UC Client	Microsoft Teams Rooms with Skype for Business software functionality	Audio Input Signal Types	HDMI, DisplayPort 1.2 via USB Type-C port
Management Client	XiO Cloud Service	Audio Output Signal Types	HDMI over CAT5
Content Ingest	HDMI input via CAT5 to USB 3.0 converter (model HD-CONV-USB-260)	Communications	Ethernet: 100 Mbps, auto-switching, auto negotiating, auto-discovery HDMI over CAT5: HDCP, Ethernet HDMI: HDCP USB: USB 2.0 and USB 3.0
Display Output	Single or dual display support	Connectors	(1) LAN PoE, 8-pin RJ-45 (1) ACC, USB 3.0 Type-B; For firmware loading only (1) USB 2.0 Type-A (1) USB 2.0 Type-B (1) USB 2.0 Type-C (1) HDMI IN (1) To RX, 8-pin RJ-45 (1) DC power connector (1) LAN, 8-pin RJ-45 (1) Ground, 6-32 screw
Display Output Resolution	1080p	Indicators	PWR: (1) Green LED, indicates operating power supplied via power supply Ethernet: (2) LEDs on To RX port; Green indicates Ethernet link status; Amber indicates Ethernet activity
Power	90 W via external 100-240VAC, 50/60 Hz adapter (included)	Power Supply	24VDC, 3.75A, 100-240VAC, 90 W
Construction	Metal mounting bracket, black, preassembled with UC-ENGINE-P-T and HD-CONV-USB-260		

UC-CX100-T-WM

Crestron Flex Advanced Video Conference System Integrator Kit with a Wall Mounted Control Interface for Microsoft Teams® Rooms

Device Charging	Up to 60 W charging for devices connected via USB-C® port
Construction	Metal, black finish, integral mounting flanges; Vented top, front, bottom, and sides
Mounting	Surface mount for mounting under table; Attaches to a single rack rail
Dimensions	Height: 1.58 in. (40 mm) Width: 9.25 in. (235 mm) Depth: 8.20 in. (208 mm)

Available Accessories

For a list of available accessories, visit the [UC-CX100-T-WM](#) product page.

Notes:

1. Display must support "Wake on Sync" and "Sleep on No Sync" functionality. Consult the display manufacturer's specifications or internal settings of the specific display.
2. Room control capability (lighting, shades, thermostats, etc.) requires additional equipment and commissioning to be provided by a Crestron authorized integrator and/or programmer. Additional costs may apply.
3. Only one control device may be connected via direct connection method.
4. The XiO Cloud service is a room based subscription service available separately.

This product may be purchased from select authorized Crestron dealers and distributors. To find a dealer or distributor, please contact the Crestron sales representative for your area. A list of sales representatives is available online at www.crestron.com/How-To-Buy/Find-a-Representative or by calling 855-263-8754.

This product is covered under the Crestron standard limited warranty. Refer to www.crestron.com/warranty for full details.
